PTA Financial Update

Last year the money that you all so kindly donated was put towards great use within the school.

We have purchased new blinds and furniture throughout the classrooms. A proportion of the money also went towards a new server for the school.

The summer fayre raised a grand total of £ 2500 so thank you to all of you for your support.

Coming up we will be providing the school with new helmets and scooters to enhance the OPAL play and play times that the children enjoy.

Event Details
