

Year 4- Aim High Project

This term, Year 4 have been answering the question, "Where does a journey begin?" The children have been exploring rivers, mountains and looking at how the water cycle works. As a class we have produced a menu with a range of activities that will support your child's learning at home and help them to choose a project that suits them.

Please can the completed project(s) be brought into school by **Friday 5th November**. We will discuss and look through them all and display them in class. (IF a project cannot be brought in, a photo can be taken of what was created)

Menu of ideas

- Baking e.g. Cake/cupcakes showing river and mountains
- Flip book/ pop-up book e.g. showing the process of the water cycle
- Fact File on rivers and mountains of the world
- Video/production
- Conduct a Science experiment
- Dance e.g. showing how rivers move or journey they take.
- PowerPoint Presentation
- Riddles or poems
- Gymnastics routine e.g. Showing River features
- Videos/pictures of rivers that you might visit in the half term
- Piece of Artwork e.g. painted canvas, watercolour or drawing
- Lego creation
