

Year 4- Aim High Project

This term, Year 4 have been answering the question, "How do Art and Music show Imagination?" In Art, the children have been investigating a range of techniques such as watercolour, marbling, and sketching and have also learnt about the styles of different Artists. In Music, the children have listened to range of instruments and genres, investigated the difference between volume and pitch and performed songs.

As a class we have produced a menu with a range of activities that will support your child's learning at home and help them to choose a project that suits them.

Please can the completed project(s) be brought into school by Monday 25th April.

We will discuss and look through them all and display them in class.

(If a project cannot be brought in, a photo can be taken of what was created)

Menu of ideas

- Artwork from a visit or holiday in the half term e.g. sandcastles or a shell picture
- Draw on things in nature e.g. rocks
- Fact File about an Artist or Musician
