

Y2 Aim High Homework Project

What does it mean to belong?

Here are a list of suggested activities for your child to select from. Please feel free to follow your child's creative instincts and if they have an even better idea, feel free to go ahead with that instead!

- Write an interview with a family member about where they belong.
- Create a map of your ideal place to belong to.
- Create a map of the seven continents and five oceans. This could be a 2D map or a 3D map. You could use paints, lego, play-doh, junk modelling or a computer. Be as creative as you like!
- Create a menu of foods from the 7 continents - any budding chefs could even cook a recipe to enjoy with your family!
- Design a map showing where your home is. Can you include a key?
- Design a fact file or mini-book about a continent of your choice.
- Make a quiz on the seven continents and five oceans for the rest of the class to answer.
- Write a postcard from a continent of your choice.
- Take a photo of where you belong and write about it.
