### Year 4: Aim High Homework Project

Dear Parents,

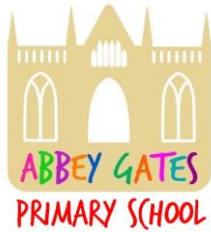

Linked to the Year 4s Big Question of 'Have we advanced or regressed since ancient times?' we would like all children to complete their 'Aim High Project' homework.

The 'Aim High' project is all about home and school working in partnership to engage children in their learning and to share in the enjoyment of learning.

Yesterday, as a class we discussed possible activities the children could complete linked to our Big Question. (*Please see the list on the next page*). Please note that the activities below are suggestions and that if you or your child has an alternative activity, please feel free to carry this out instead, if it links to the Year 4 Big Question and Discover Project.

We look forward to seeing the completed projects and displaying them with a sense of pride. Can all projects be completed and in school on **Monday 18<sup>th</sup> November**. Not before this date though, thank you. (If it is an electronic presentation this will need emailing to the school office by the Friday before.)

Thank you  
Year 4 Team  
Mr Stone and Mrs Durham
