

Dear Parents and carers,

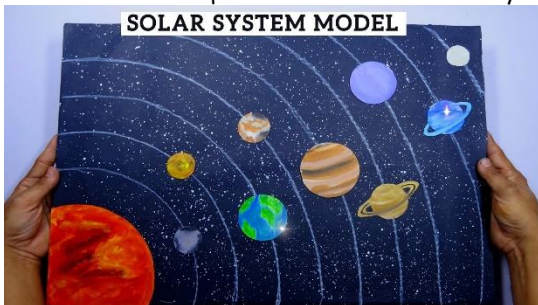

As part of our project 'I wonder what is out there...', which we have been completing this half term, we would like all of the children to complete an 'Aim High Homework Project' over the Easter holidays. Where possible, we would like the project to be led by the children but supported by you.

Please send your completed project into school/upload them to Tapestry by Friday 2nd April, so that we can share and celebrate them with the rest of the class. Your child can complete as many of the activities suggested below as they would like to. We look forward to seeing your fabulous creations!

Many thanks for your continued support,

The F2 Team

Create a model or picture of the solar system

Make an Easter craft - here is an example of a super Easter bunny using a cardboard tube, pipe cleaners, card and a pom pom

Learn to sing, and perform, the song "Zoom, Zoom, Zoom, we're going to the moon"

Go on a Minibeast hunt in your garden or local area. Use a clipboard or notepad to draw and label what you find.

Bake some Easter treats

Take part in the Great British Spring clean and go litter picking in your local area. Take photos and send them in to school to receive your certificate
