# LEARNING DISABILITY CONFERENCE

CELEBRATING EXAMPLES OF CREATIVE SUPPORT... THAT WORKS.

IN PROUD PARTNERSHIP WITH **Supported Loving** 

Learn to justify the support that you are wanting to give, in terms of established psychological theory.

Brilliant support workers, managers and parents of learning disabled people of Mansfield... You know that you think outside box because you want to give the learning disabled person you support the best chance at being their best self. But, you likely also struggle to word this and justify these innovative approaches to the stakeholders and shareholders that be. Well don't worry, OneFest has your back! Join us for a conference in which we all come together to see that we are actually working in-line with Psychologist Lev Vygotsky's 'zone of proximal development'.

You are already doing this brilliant work, let us help you give it a name in an afternoon of CPD brilliance (that includes a theatre show & inspiring speakers)
